

**FAQ: How to Edit a Recurring Donation schedule.**

1. The ability to edit Recurring Donation schedules is not currently supported in Fundly CRM.
2. However, you can deactivate a Recurring Donation schedule (see our tutorial at: <http://support.fundly.com/hc/en-us/articles/225835067-Donations-How-To-Stop-a-Recurring-Donation>).
3. The Deactivate function will stop the Recurring Donation schedule from continuing to charge payments, both in Fundly CRM and the Payment Gateway. No further action would be required, and the record of the existing payments already made as part of this donation will be preserved.
